PYSANKY - DECORATED EASTER EGGS

Pysanky or Ukrainian Easter Eggs are a spring ritual folk art made by Ukrainians all over the world. Pysanky are designed using the simplest tools - an egg, a flame, beeswax, a kistka (stylus), and dyes. Pysanky have been a beacon of Ukrainian culture for centuries, and have evolved into a globally recognized art form. Traditionally, every egg would include ancient motifs or symbols to bestow specific wishes on the receiver. The egg itself represents rebirth and new life, and each colour, motif or pattern on a Pysanka is also deeply symbolic.
